- CARDIOVASCULAR SYSTEM DISEASES
- HIGH BLOOD PRESSURE AND CHOLESTEROL LEVELS
- HEMATOPOIETIC DISORDERS
- CNS DISORDERS, BRAIN FUNCTION DISORDERS
- LEARNING DISABILITIES, STRESS, NEUROSIS
- HARMONIZATION OF HORMONAL SYSTEM

This product has been approved as a dietary supplement. It is not a medicine and should not be confused with prescribed medicines, nor does it have approved medicinal effects.

**Korolen is an herbal regenerative bioinformation product with a broad-spectrum effect formulated based on the current knowledge in the fields of physiotherapy, psychotronics, crystal therapy and bioresonance. This is a highly concentrated product containing herbal extracts, essential oils and bioinformation components in a balanced, synergistic complex.**

**It may influence mainly the cardiovascular and nervous systems; it may help treat mental disorders.**

**Bioinformation** comprises frequencies which simulate the control impulses of subcortical brain structures, which regulate the autonomic nervous system and the function of viscera. Bioinformation acts to offset negative information and induce a reverse regenerative process.

### Effects of Korolen

Due to herbal and information essence complex, Korolen may have strong detoxification, antioxidant and regenerative effects. It may be used not only to prevent lack of energy due to general wear of the organism, but also to treat acute or chronic diseases related in particular to the heart, vascular and nervous systems. It may improve brain function and oxidation. Due to its positive influence on the spleen and bone marrow it may improve blood quality and boost blood cell production. Overall, it may boost immunity through its effect on the spleen and nervous and hormonal systems. Korolen may have a positive impact on all mental disorders accompanied by lack of energy or on problems caused by deposits of pollutants in the organism (toxins, poisons, molds, metabolic wastes, etc.). It may support regenerative processes during tumor-forming illnesses.

### Energy effects of Korolen according to TCM principles

Korolen may harmonize energy meridians, mainly the heart, small intestine, pericardium, three burners, conception vessel and governing vessel.

### Usage of Korolen

- May support detoxification of the body, have antioxidant and regenerative effects, and rid the body of molds and heavy metals
- May prevent cardiovascular diseases, atherosclerosis, myocardial infarction and brain stroke
- May adjust blood pressure
- May decrease the cholesterol blood levels
- May improve blood flow to the extremities, condition of varicose veins and hemorrhoids, increase elasticity of veins and capillaries
- May boost immunity and blood cell production in bone marrow, be suitable to treat anemia
- May improve oxygen supply to the brain, enhance memory and concentration, be suitable to treat Alzheimer's disease, senility, epilepsy, autism and multiple sclerosis
- May help brain maturation and development in children with ADD and prematurely born children
- May harmonize the hormonal system (specifically, the pituitary, pineal and thymus glands)
- May accelerate convalescence and post-operative healing
- May help combat stress, overwork, fatigue, neurotic disorders, insomnia, depression and anxiety
- May be recommended to diabetic patients to prevent vascular complications of diabetes (diabetic foot, eye sores, renal impairment)
- May boost and tone the entire organism and inhibit aging
- May be used in preventive and supplemental treatment of cancer (specifically, leukemia)

## Usage of Korolen for the psyche

- Behavioral disorders, mental restlessness, impatience, hysteria, emotional instability, inability to form friendly relationships, speech disorders (hasty speech or inability to communicate), memory disorders, sleep disorders, forgetfulness, loss of motivation and zest for life

Korolen may bring energy and ability to enjoy life, it may open one's personality and enhance development of abilities long lost.

To achieve greater effect, we recommend combining Korolen with the cream Ruticelit from The Five Element Regeneration® - Herbal Body Creams (applied to affected areas, reflex zones, and massage of acupuncture paths).

## Composition of Korolen

**Maidenhair tree:** It may enhance vascular supply of the brain and the entire organism, boost memory and concentration. It may have positive effects on treatment of headache, migraine, boost blood supply to cold hands and feet.

**Yellow poui:** It may stimulate immune system in combating tumors, leukemia, molds, hepatic disorders, anemia. It may strengthen the heart and nervous system.

**St. John's wort:** It may be effective in treatment of nervous disorders, insomnia, migraine, depressions, stomach ulcers, flatulence, hepatic disorders and gallbladder disorders.

**Garlic:** It may have anticarcinogenic, antimycotic and antibiotic effects. It may be used to treat impaired immunity, diabetes, cardiovascular and oncological diseases. It may decrease blood pressure and cholesterol levels.

Korolen also contains essential oils (e.g. spikenard, jasmine and lavender) and information from plants, oils and minerals (e.g. amber, gold and crystal).

## Recommended dosage and method of administration

**Posology:** For adults 2–7 drops 1–3 times per day, for children ages 12 years and up 7 drops per day, children ages 3 years and up 2 drops per day.

**Method of administration:** Shake well prior to use (approx. 21 times). This causes dynamization of the information components, thus increasing the preparation's potency. Use half an hour before or after a meal, best diluted with water, or put drops on a spoon and apply directly. In order to enhance detoxification of the body, it is essential to increase fluid intake during a regenerative process. Always make a week-long break after 3 weeks of use. Do not exceed the recommended daily dosage. Consult the use and exact dosage with your doctor or therapist.

We recommend taking minimum doses for chronic diseases; in acute stages we recommend increasing the doses. In the event of temporary worsening, the doses must be reduced until the worsening wears off, only after that it is possible to return to the original dosage. It is not advisable to stop taking the preparation, because there is a reverse regenerative process (reverse reaction) taking place, during which symptoms of older diseases may appear. This phenomenon is proof that positive regenerative reaction is underway, indicating that healing is taking place!

**Warning:** The product is not intended for children under 3 years. If you are pregnant or breast-feeding, consult use with your physician. Suitable for diabetics. Dietary supplements are not intended to replace a varied diet.

For more detailed information, see The Five Element Regeneration® brochure, detailing, among other things, the fundamental energy channels and relationships between organs.

**Storage:** Store in a dry place, out of direct sunlight, between 10°C and 25°C. Protect from frost. Keep out of reach of children.
